

## **Athletic and Playground Equipment – Size 5 Special Block #99104**

Barton Marine manufactures a custom size 5 Block with stainless steel eye for a Trampoline manufacturer.

The block is used in conjunction with elastic straps mounted to a gantry, these are attached to clients who then bounce on a trampoline.

The customer's own testing and compliance undertaken and own logo screen printed.

Barton Marine supplies a number of specific products to athletic equipment and playground manufacturers to include: Customer T Track sliders for easy movement of play equipment also brass sheaved blocks and upright blocks for gymnasiums.
