

Winch Handle Pocket

#21053

The Barton Winch Handle is manufactured in the UK from flexible dip moulded PVC to enable a wide range of handle types to be stored quickly and securely.

A drain hole is located at the base to keep the pocket dry.

The pocket measures 320mm (12 ½”) x 90mm (3 9/16”) x 50mm (2”) and requires four fixing screws to attach (not supplied).

Holds all types of regular winch handle.

Part Number:
21053
