

## Barton Tiller Joints & Clips

Lightweight and very durable, our flexible tiller joints fit any 13mm (1/2") internal tube diameter.

Manufactured from high tech polymers to withstand countless tiller flexings. The tiller extension can easily be removed from the tiller assembly by popping off the snap-on cover

There are two versions to choose from:

#43600 lightweight tiller joint  
(Features the most flexible joint):

Length = 58mm (2 1/4")  
Internal tube diameter = 13mm (1/2")  
Weight = 20g (0.7oz)

#43601 standard tiller joint:

Length = 58mm (2 1/4")  
Internal tube diameter = 13mm (1/2")  
Weight = 20g (0.7oz)

Spare tiller clip:

#43605

For 15mm (19/32") external diameter  
tube
