

Stanchion Cleat 52100

The Barton Stanchion Cleat is designed to fit stanchions or pushpit/pullpit with 25mm (1") tubes. Fits in seconds and features soft nylon jaws that will not damage the tube. Constructed with stainless steel 316 grade fasteners and a reinforced Stainless steel spacer.

This inexpensive solution is designed to work with ropes up to 10mm (3/82) rope.
